

# A COVID-19 MISSION

High Performance Vision Protection for  
Medical Professionals

**Optimum performance & endurance for  
intense & dynamic medical settings.**

**Rec Specs  
Reusable PPE**

- **Protection**
- **Stability**
- **All-day Comfort**
- **Fog-reducing Features**

**Inexpensive/  
Disposable PPE**

**Medical professionals are endurance athletes.**

## Frame & Lens Capabilities

### PROTECTION

High-wrap frame & oversize temples provide eye protection from air-borne contaminants.

### STABILITY

Contoured temples & removable strap provide a secure fit for dynamic environments.

### FOG-REDUCING FEATURES

Indirect venting keeps vision clear during high pressure & high motion engagements.

### ALL-DAY COMFORT

Hypo-allergenic eye-rim cushioning & contoured nose bridge for all day comfort.

### Special Order Options

- Goggles
- Eye Cups/Side Shields
- Asian or low nose bridge fit

### COMPATIBLE WITH OTHER PPE

Fits snug and securely under or over head coverings or face masks.

Our products meet CDC, NIOSH and OSHA recommendations. OSHA specifically recommends that when required, goggles or safety glasses be worn in addition to face masks and/or face shields.

Second pairs available for special order with Rx lenses.

# PPE Capabilities

## Market-leading PPE Capabilities for Health Professionals

<b>FACT 1</b>	<p><b>Rec Specs meets or exceeds ALL PPE eyewear requirements for medical professionals and are Rx lens compatible.</b></p> <p>CDC Directive: Infectious diseases can be transmitted through the eye and wearing appropriately fitted PPE eyewear provides the most reliable practical eye protection from splashes, sprays, and respiratory droplets.</p>
<b>FACT 2</b>	<p><b>Proper fit is required for protection, stability, and comfort. Based on 40 years of fitment analysis, Rec Specs PPE assortments provide a complete and balanced range of sizes and styles required to outfit your team.</b></p> <p>CDC Directive: Proper eye protection requires comfort, sufficient peripheral vision, and must be adjustable to ensure a secure fit.</p>
<b>FACT 3</b>	<p><b>Rec Specs frames and goggles are designed for performance and protection with patented weight distributing eye rim assemblies, hypo-allergenic padding, snug nose fit, and indirect venting.</b></p> <p>CDC Directive: Eye protection provides a barrier to infectious materials entering the eye and is often used in conjunction with other personal protective equipment (PPE).</p>

For more information on eye protection from the CDC, visit: <https://www.cdc.gov/niosh/topics/eye/eye-infectious.html>

# PPE Assortment & Sizing Guide

Based on 40 years of fitment analysis, Rec Specs PPE assortments provide a complete and balanced range of sizes and styles required to outfit your team.

Easy-Fit Sizing Guide		
Size/Fit	% of Wearers	Sizing Diagnostic
Average/ Universal	60%	Don't know your head size? You are very likely AVERAGE.
Wide	30%	Most with wider heads know it. Do you wear a larger than average hat?
Narrow	10%	Most with narrower than average heads know it, too! Are hats typically loose on your head?

# PPE Pre-packaged Assortments

CONSUMER SIZING	% of UNITS	INCLUDED FRAMES	COLORS
AVERAGE/UNIVERSAL	60%	MAXX 30, MAXX 31, RS-50, RS-51, SLAM, SLAM GOGGLE, MORPHEUS 2, HELMET SPEX	ASSORTED

All Pro Goggle

Helmet Spex

Slam Goggle

All Pro

# Rec Specs PPE Care Instructions

## Product Care & Cleaning

1. Thoroughly wash your hands with antibacterial soap for at least 20 seconds.
2. Prepare a mixture of hot, soapy water and dip the frames into this solution.
3. Shake off any excess water and dry with a soft cloth.

## A COVID-19 MISSION

### Testimonial - Dr. Baker:

I'm an emergency physician Rx eyeglass wearer who was in urgent need of close fitting fog resistant safety glasses to wear under my face shield and would also offer decent splash protection for general patient care during my busy shifts-- high volumes of COVID-19 cases, using face shield + glasses for all suspected COVID-19 cases, just Rec Specs for all "low" suspicion patient encounters. I have a narrow face and use the MS1000, six-base frame with wide temples both providing good coverage for splash and accommodating my higher sphere (progressive as well). They fit very well and are comfortable. I wore them all shift, the entire time with an N-95 mask and much of the time under a face shield with no fogging (opted for the anti-fog coating, no AR).

Dr. Baker

### Testimonial - Gabriel Gigliotti, Nurse Anesthesiologist:

I am a Medical Professional, involved in critical care at my hospital as a nurse anesthesiologist during the COVID-19 crisis. I desperately needed a pair of prescription goggles that could fit under my medical eye protection goggles and that would also fit under my Military Gas Mask for use during dangerously infectious. I purchased Rec Specs and am very satisfied as they absolutely meet all that criteria!! They are comfortable, stylish and durable: they are perfect for me!
